Dear Valued Client,

January 22, 2022

The team here at Comfort Keepers Manassas hopes you are well and that you and your loved ones are thriving! We are committed to our mission of **Enhancing the Human Spirit** and providing all our clients with the high quality of care that they expect and deserve.

Comfort Keepers is a global company owned by SODEXO with over 700 offices in the United States as well as offices in Asia and Europe. Our Comfort Keepers office is the local footprint right here in the City of Manassas! We are Women and Veteran Owned and Veteran led and place a premium on providing care to Veterans and their spouses.

We understand that providing a caregiver for you or the loved one in your home is an important decision, especially during the Covid Pandemic, and we would like to highlight what makes us different.

COVID Response – Our Covid response is an integral part of our 24/7 operations and we diligently follow all CDC guidelines:

- We adopted automatic caregiver and client Covid screening questions with our ClearCare App prior to each shift to ensure each shift is safe to conduct.
- We immediately instituted new safety protocols- mandating gloves, masks and disinfectant required for each shift.
- With digital operations we have adopted a Hybrid Telemedicine approach allowing us to onboard clients with DocuSign and RN directed phone conversations. Though our RN does conduct a home visit to verify the Plan of Care, this approach significantly reduces exposures to clients and families.
- We instituted office and common area cleaning procedures, both morning and evening, with hospital grade disinfectant to minimize exposure to office administrative staff.
- We have a significant inventory of PPE and identified sources to help us maintain supplies.
- We conducted PPE Care Package drop-offs throughout the County so caregivers who couldn't resupply their PPE at the office had an opportunity maintain sufficient stocks.
- We have adopted in full the Virginia State requirement for Emergency Temporary Standard Infectious Disease Prevention SOPS (16VAC25-220).
- With the mindset of preventative care to keep our workforce as healthy as possible and to minimize exposure to our clients we offer our entire staff free flu shots.

 - In additional to 8 weeks of Certified Nurse Assistants training our caregivers receive an additional 12 hours of training which includes Dementia Skills training
- On-going Licensed RN home visits with both you and the client to include care coordination
- Personal attention to acclimate you and the caregiver during your first in-home visit.

Our goal is to focus on **Enhancing the Human Spirit** and we do that with our Interactive approach to caregiving. This approach places a special emphasis on **Senior Nutrition, Senior Mind, Senior Body and Senior Safety**. From our licensed nurses, office staff and caregivers this is our approach every time we are in the home caring for a loved one.

We would also like to remind you that our web site www.CKManassas.com is a useful source of information with tips for senior care and explanations of the services we provide. We also have a Blog on the site with useful information and we can be found on Facebook at: www.Facebook.com/ComfortKeepersManassas/.

As always, please don't hesitate to contact us if you have any questions or concerns.
Kind Regards,

Anthony J. Fiore
