<b>Service</b>	<b>Regular Advertised Price</b>	<b>Discount</b>
Tree and Shrub Pruning	N/A	5% off normal pricing
Tree and Shrub Removal	N/A	5% off normal pricing
Stump Removal	N/A	5% off normal pricing
Tree and Shrub Healthcare	N/A	5% off normal pricing
Lawn Healthcare	N/A	5% off normal pricing

\*\*There is no regular advertised price, and since there are so many variables associated with our services in regards to the hardware, products, and the rate of labor associated with each task, I put N/A in that column. What I will do is calculate a normal estimate for the proposal, and reduce 5% from our normal pricing for that task.

\*\*Tree and shrub healthcare involves deep root fertilization, insect pest, mite, disease management, etc.

\*\*Lawn Healthcare involves fertilizer, weed control, insect control, disease control, aerification, over-seeding, slit seeding, etc.

To schedule a consultation/quote, just call the office and Lisa will schedule you.

Thanks,

Cory Campbell

**MEET CORY CAMPBELL, YOUR LOCAL ARBORIST!**

**MEET CORY CAMPBELL, YOUR LOCAL ARBORIST!**

Trees matter in our communities. I've always appreciated spending time outdoors enjoying our green space. But the beauty that surrounds us faces many challenges, and that's what Plant Health Care is all about. Proper maintenance of trees and shrubs is critical, and a good arborist can help ensure that your landscape thrives.

There's no better time than now to have a professional arborist evaluate your property. Give me a call today for a FREE property consultation. I look forward to hearing about your trees and landscape!

Sincerely,

Cory Campbell  
*The Davey Tree Expert Company*
