Our Company provides grout and tile services. We take old and worn out bathrooms and replace the grout, or color seal, and clean & seal. We also offer caulking, polishing your granite counters. Our services extend outside the bathroom to any other tile work in your kitchen or counters. We do not have an average cost, we do a free estimate for all jobs. We would offer an additional 5% off to all Regency Clients. We take pride in all of our customers and offer a very competitive price for all services.

Effective 08/01/17

Thank you,
Christine Williamson
