Headson Handywork can perform an array of services to home and business owners. I am great for replacement of light fixtures, ceiling fans, exhaust fans, faucets, toilets, garbage disposals, vanities, doors, blinds, curtains. I am skilled in furniture assembly, TV mounting, closet installations/repairs, interior painting, trim work, door threshold repair, security camera/doorbell installations, and much more. Headson Handywork works with existing wiring and plumbing only.

Headson Handywork's standard price for service is \$75 for first hour and only \$50 per hour after that forever. I would like to discount the first hour fee to \$50 for all Regency Co-op members.

Dates for this agreement will be from August 15th, 2020 through August 15th, 2021.

Thank you,

Jeremiah Headson
