Hello,

My name is Cliff Glier and I am interested in renewing our company Agreement with the Georgetown Cooperative Association. In 2008/2009 we formally requested membership, met with Don Hirst and several other board members, and, in 2009, were approved for membership in the co-op. While the program communication seemed to have lapsed, we continued to provide our services to the entire Regency community.

SenCura is nationally licensed by the Joint Commission for the Accreditation of Hospitals and Home Care Agencies (JCAHO) as well as the Virginia Department of Health. We have been in business since early 2007 and continue to support the Northern Virginia senior community. SenCura provides bathing and dressing assistance, medication reminders, transportation and errands, light housekeeping, laundry, meal preparation and planning, companionship and much more! A comprehensive list of services is attached to this document. The official price for SenCura's services is \$26.00 per hour for three contiguous hours or more. The co-op member's price is \$25 per hour for 3 hours or more. There are no long-term contracts - every member has a 24-hour cancellation option. We are open, available, and working 24-hours a day, 365 days a year. All Caregivers are direct employees of the company, bonded and insured, undergo multiple interviews and criminal background checks, are formally trained, licensed drivers, and all must be able to both speak and understand English as a requisite for the Caregiving position. In addition, Caregivers are provided CEJ accredited courses by the company as part of their on-going training regimen.

Please let me know if you need any additional information. If necessary, I would be happy to meet with the board again at your convenience.

Regards,

Cliff Glier
