HOW OUR PRICING WORKS

You only pay for the space your items take up in our truck.

We price by volume. Each truck is divided into eighths, and your price is set by how much of the truck your items fill. Your crew measures the load on site and confirms the final price with you before any work starts.

Quick reference:

1 washing machine $\approx$ 1 cubic yard

1 refrigerator $\approx$ 2 cubic yards

15 Cubic Yard Truck

12' L x 8' W x 4' H

Holds about **15 washing machines** or **8 refrigerators**.

30 Cubic Yard Truck

18' L x 6.5' W x 7' H

Holds about **30 washing machines** or **15 refrigerators**.
