Reddick and Sons Inc. is a family-owned and operated business based in Prince William County, serving all of Northern Virginia. As a Class-A contractor, we provide all plumbing, electrical, HVAC, and gas fitting services for residential and commercial buildings. We are a small company, hiring only top talent for our field and office staff. Reddick and Sons can handle simple repairs to larger, complicated projects that are guaranteed to be up to industry standards. We have Master Plumbers, Master Electricians, and Master HVAC techs on staff.

Here is a list of common services we provide:

PLUMBING	ELECTRICAL	HVAC	
Water heaters	Panels and circuits	Furnace and heat pump repair and replacement	
Tankless water heaters	Outlets and switches	AC repair and replacement	
Burst pipe repair	Electrical Inspections	Air Handler services	
Gas line services	Outdoor lighting	Evaporator coil services	
Drain cleaning	Ceiling fans	HVAC installations	
Sewer line services	Pool, Jacuzzis and hot tubs	Duct repair	
Repair and install fixtures	Ventilation fans	Thermostat replacement	
Clogged toilet repair	Attic fans	Gas fireplace repairs	
Sump pump services	Whole-home surge protection	Boiler services	
Water softener services	Fire & Smoke alarms		
Garbage disposals	Indoor lighting		
	Back-up Generators		
	Electric Vehicle Charger		

Discounts for Regency Cooperative Members:

- 5% off ALL REPAIR SERVICES
- \$100 off water heater replacements
- \$250 off HVAC installs

Regency Cooperative members will be given a discount of 5% off ALL REPAIR SERVICES (this does not apply to installations). Since every repair and installation varies, we can quote prices only after seeing the scope of work. Our typical dispatch fee to send a technician to diagnose an issue is \$69. That fee is waived if a client proceeds with repair options.

We offer FREE ESTIMATES for straight replacement estimates that do not require any troubleshooting, such as: water heaters, HVAC systems, lighting and plumbing fixture replacements or installations, generators, and water filtration systems.

Discounts for water heater and HVAC system replacements are exclusive offers for Regency Co-op members. Members must announce themselves as Regency Co-op members when booking their appointment in order for these offers to be valid.

Discounts are effective upon acceptance as a vendor for the Regency Cooperative Association.
