REQUEST FOR PROPOSAL

To: Regency Cooperative Association

Squeaky Klean Windows Inc (formerly known as Sonshine Window Cleaning Inc.) is a full-service window cleaning company based in Manassas, Virginia. Sonshine Window Cleaning has been a locally owned and operated family business for 7 years and just purchased Squeaky Klean Windows, which has been in business for over 17 years. We offer professional and detailed cleaning of windows, mirrors, and chandeliers as well as screens and screen repair. Cleaning your windows lets in more lights and makes your whole home brighter! Our team can clean all the windows in your home – inside and out – regardless of how tough they are to reach. No window is too small or big to get it cleaned for you. We are also fully licensed and insured.

Our regular advertised price is the following: \$10.00 for standard windows (double hung, single hung and casement). Our package includes the following process: cleaning the interior and exterior of each window, wiping the screen and windowsill, and brushing the screen. Excessive paint scraping on windows are an additional \$50 per hour. The large entry window (Palladium) and upper two-story windows which are usually located at the back side of the house exterior and interior side of the family room range between \$15 to \$20 each, depending on the size of the window. Transoms and small basement windows are a flat rate of \$3 each. Skylights are a flat rate of \$15 each. We have a minimum job amount of \$150 including condominiums.

During our off-peak season (winter) we offer our clients the following services: deep cleaning of chandeliers and dusting blinds. Also, if weather allows, we are also able to clean exterior windows in the winter season. We no longer offer services for residential cleaning. The prices mentioned above for window cleaning are \$2.00 less per window **for Regency Co-op members** than for non-members. Also, **for Regency Co-op members** the upper two-story windows price range is between \$20 to \$30. In addition, we offer a **10% discount during the winter season when you book our services for screen repair and FREE ESTIMATES.**

Our employees are trained to use the most updated techniques and best window methods to provide all our customers satisfaction. The cleaning method we apply for exterior windows is done by using a water fed pole that is 100% purified water, with no impurities or spotting agents, leaving your windows impeccable. Many of our customers have seen us clean their windows using this specific method and to date we have had no negative feedback from them. By using this method, we do not need to lean ladders against homes or walk-through gardens, shrubs, and flower beds.

We are extremely reliable and take pride in our work. We make sure we do not damage anything. We move any furniture as needed, handle blinds and curtains carefully. Then we put everything back how we originally found it. We wear booties at all time. We are also taking all necessary

precautions for COVID-19. In addition to wearing booties, we wear gloves and face masks if still wished from our clients.

Also please keep in mind that when calling for an estimate or appointment, always mention if you're a Co-op member.

If you have any questions or concerns, please do not hesitate to ask me. We will be happy to answer your questions and serve you in all your interior or exterior window cleaning needs. We also guarantee our rates at the right prices.

Sincerely,

Erika Erroa
