Company website: www.sencura.com

Hello,

My name is Jessica Henry and I am interested in renewing our company Agreement with the Regency Cooperative Association.

SenCura is nationally licensed by the Joint Commission for the Accreditation of Hospitals and Home Care Agencies (JCAHO) as well as the Virginia Department of Health. We have been in business since early 2007 and continue to support adults in the Northern Virginia community. SenCura provides bathing and dressing assistance, medication reminders, transportation and errands, light housekeeping, laundry, meal preparation and planning, companionship, and much more! A comprehensive list of services is attached to this document. The official updated price for SenCura's services is based on the level of care the client needs. We have three different levels of care with the first one starting at \$32.00 per hour for four contiguous hours or more. The co-op member's price is \$31 per hour for 4 hours or more for the first level of care we provide. We also provide Caregiver live-in services (call for information). There are no long-term contracts - every member has a 24-hour cancellation option. We are open, available, and working 24 hours a day, 365 days a year. All Caregivers are direct employees of the company, bonded and insured, undergo multiple interviews and criminal background checks, are formally trained, licensed drivers, and all must be able to both speak and understand English as a requisite for the Caregiving position. In addition, Caregivers are provided CEU-accredited courses by the company as part of their ongoing training regimen.

Please let me know if you need any additional information. If necessary, our Director of Community Outreach, Charlie Delap, would be happy to meet with the board at your convenience.
